Congratulations to the Class of 1986.

Graduation is not an ending, but a transition from one phase of life to another. You have strived to be the best that is possible. You have studied and you have opened your minds to new ideas.

Now, as you graduate, you go on to start a new life. I hope that this life will also be productive and satisfying. I hope that you will always use the knowledge that you have gained in this school to better your life. I wish you success always.

My best wishes to you for health and happiness.
